- Class Auction

The class auction is part of the 3rd-6th grade classroom economy. This classroom economy is used as a way to teach students about money, economy and reward good behavior and exceptional work. Three times a year, students are able to spend class cash at an auction. Teachers have requested \$5 per student, per auction, totaling in \$660. Melanie motions that the club gives \$660 to the class auctions for the 2021/2022 school year. Jessica seconds this motion. All members vote in favor. Willow expressed concern with how much teachers are paying from their pockets for the auction. Rachel echoed this. Just want to make sure that teachers are supported! Mel will ask teachers how much they are spending to see how much the actual amount is.
